

Year 2 – Summer 2

<p>Science</p> 	<p>To be completed during the week beginning 9th June 2025</p> <p>Can you recreate the lifecycle of a butterfly in a creative way? Think about how you could use different resources at home to show each part of the life cycle.</p>
<p>Technology</p> 	<p>To be completed during the week beginning 16th June 2025</p> <p>Using a computer program on a computer or tablet, create a poster or slideshow of your time in Year 2 at Watling Primary School. Think about using different fonts, colours, pictures and shapes. You can include information about your best moments, friendships, favourite lessons and things you are looking forward to in Year 3.</p>
<p>Engineering</p> 	<p>To be completed during the week beginning 23rd June 2025</p> <p>Using your knowledge so far of cars and Formula One, can you design and label a new car that will make a positive impact to our planet? Think about how you could make it more sustainable. You could even try to create your invention using various resources at home.</p>
<p>Arts</p> 	<p>To be completed during the week beginning 30th June 2025</p> <p>Can you work together with your adults at home to prepare and make a meal together? You could write the recipe first, gather the ingredients you need and help use the appropriate tools to help. Finally, can you reflect and evaluate on what you made?</p>
<p>Maths</p> 	<p>To be completed during the week beginning 7th July 2025</p> <p>Collect data on how many items you have in your house that are the colour red, green, yellow, blue and white. Use this data to make tally charts, block diagrams and pictograms.</p> 

Children in Year 2 can bring any STEAM Challenge work they complete into school or submit it to the year group homework email address –
